TITAN SKIN^{VR}

for PICO G2 4K, NEO3, 4 and G3

TitanSkinVR is the perfect solution to secure and protect your Pico G2 4K VR, NEO3, 4 and G3 headset. Use this setup to demo your VR headsets in public places and without supervision.

The 2 millimeter aluminum skin is specially developed for the Pico headsets. It protects all fragile elements. For optimal performance, use the TitanSkin in combination with the retractable ceiling system. Add the headphone holder extension to attach the headphone you prefer..

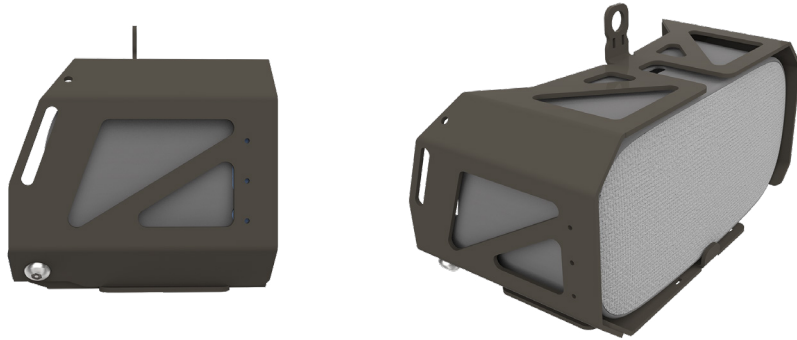

Specifications

- Aluminum case, 2 mm thickness
- Powder coating finish
- M6 hex screw with pin
- Hanging system
- Continuously charging
