info@titanskinvr.com

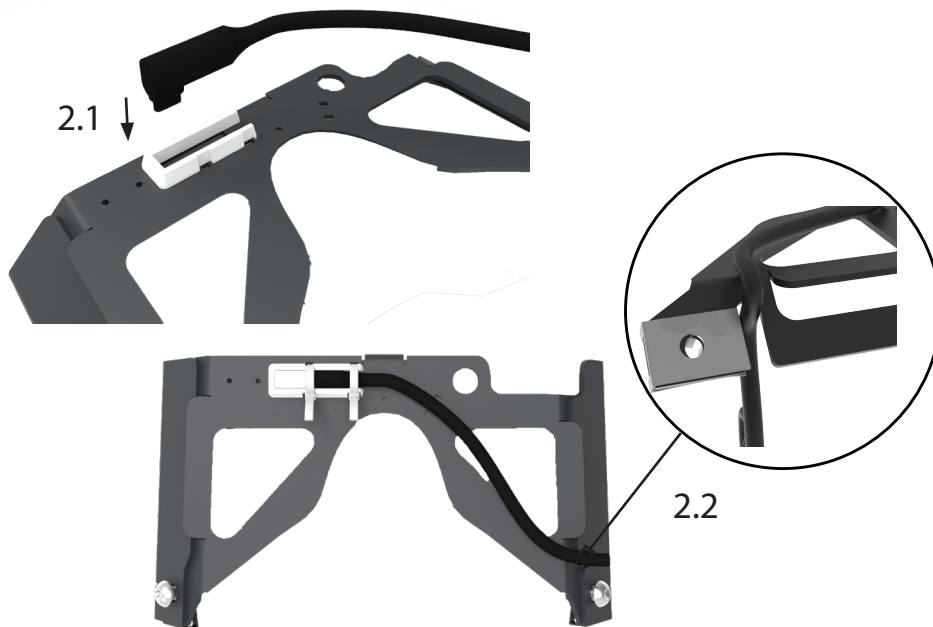

1. Mount the clips at the bottom part of the case

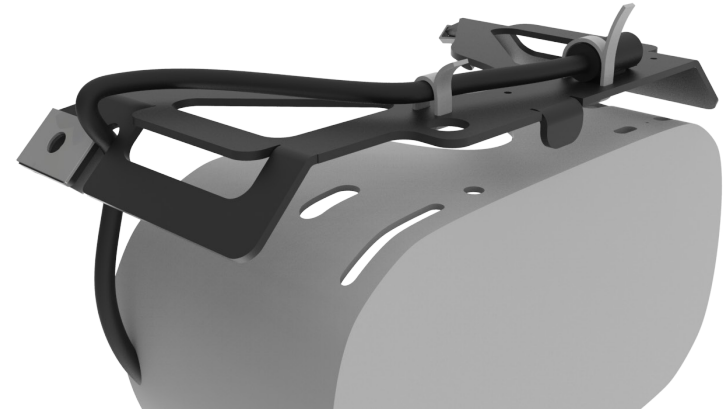

2.1 Place the cable and plastic cable holder(U shape clip) in position and wrap with tie wraps.

(note; use plastic cable holder only in combination with our charging cable. If use your own cable, the clip might not fit)

2.2 Pull the cable through the notch on the side.

3. Place the bottom case on the bottom of the VR headset.

4. Slide the top of the case onto the VR headset.
